Re: *U.S. Environmental Protection Agency Freedom of Information Request*

Dear National Freedom of Information Officer,

I am writing pursuant to the Freedom of Information Act § 5 U.S.C. § 552. I represent a shareholder of Devon Energy Corporation (“Devon”) and this request is made as part of an investigation into the Company’s practices.

I am requesting an opportunity to inspect or obtain copies of the following information on Devon:

1. All documents, including studies, surveys, and communication relating to Devon’s amount of gas drilling relative to other large oil companies and the percentage of shale and fracking regions in Oklahoma that belong to Devon, including, but not limited to, the Barnett Shale and STACK;
2. All documents, including studies, surveys, and communication relating to Devon’s procedures and practices for the disposal of fracking wastewater; and
3. All documents, including studies, surveys, and communication relating to fracking activities and their effect on the environment, including their effect on increased seismic activity and earthquakes.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$250.00.

I would request a prompt response to this request. If you expect a significant delay in responding to or fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available under the law. Please contact me at (212) 308-5858 if you would like to discuss further.

Thank you for considering my request.

Very truly yours,

A handwritten signature in blue ink that reads "Todd Henderson". The signature is fluid and cursive, with the first name "Todd" and last name "Henderson" clearly legible.

Todd H. Henderson
